

Webcam Device Prep for Subjects

3 simple steps to start recording

If your Director sent you an email through OpenReel...

If your Director sent you a direct link...

Click "Accept Invite to Record" in your email.

Accept the invite again in the browser window that opens.

Adjust webcam & microphone settings, if needed.

Click the link, which will open a browser window.

Write name. Click enter.

Adjust webcam & microphone setting, if needed. Click "Enter Session."

Other tips to optimize your experience

- › Use Chrome or Firefox.
- › Update your browser.
- › Clear your cache.
- › Close extra browser tabs.
- › Force quit any conferencing software, like Zoom, Teams, or Skype which may interfere with your device's computing power.
- › Disable VPN, if applicable.
